### **PRESS RELEASE**

Primary Health Choice, Inc., a statewide provider of I/DD and behavioral health services, is celebrating twenty years of serving North Carolina families this month. Since its establishment in September 2003, Primary Health Choice, Inc., has grown to become a trusted partner for quality and compassionate care within the state of North Carolina.

From its humble beginnings of one location in Lumberton and serving about fifty individuals, many of whom are still part of the family, Primary Health Choice and its subsidiaries have grown to serve thousands of individuals from thirty-four locations across the state of North Carolina.

Over the past twenty years, Primary Health Choice has worked tirelessly towards our mission that all individuals and families, by means of our professional service, are able to sustain an improved quality of life.

We believe that all individuals regardless of their circumstance or disability deserve an excellent quality of life. Therefore, in all that we do the individual and personal touch are at the center of our care model. We cannot say enough to express our gratitude to all of the Primary Health Choice families that have blessed us with the opportunity and privilege to serve you, to be in your home and to be a part of your family. You enrich our lives in more ways than you will ever know. To our many employees who show up each and every day dedicated to the mission of Primary Health Choice, thank you. We could not do it without you. Lastly, we would like to thank our Heavenly Father for His favor, His grace and mercy upon our lives. ### **Message from our CEO Thad Davis:**

"I can't believe that twenty years have passed since opening day, September 2003, for Primary Health Choice, Inc. I took one of the biggest risks of my life in quitting my job and going into business. However, I can honestly say this has been the most rewarding opportunity of a lifetime. I thank God for His favor and His blessings over this company. I thank all the families for choosing us to take care of their precious loved ones. Some of our consumers have been here since day one. I also thank all the employees that have dedicated their careers to Primary Health Choice and A Primary Choice. Please join me in celebrating our twenty-year anniversary. I am looking forward to twenty more!"
